DETAILED ACTION

This Office Action is in response to the request for reconsideration filed 3 February 2005.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims:

Claims 14-25 are cancelled.

Allowable Subject Matter

Claims 1-13 and 26-43 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-13 and 26-43 are allowable because prior art does not disclose alone or in combination along with the limitations of the independent claims such as a first concentration change region in which the proportion of the electron transporting material increases gradually until a ratio between the hole transporting material and the electron transporting

material becomes $x : y$ (where x and y are positive constants); a mixture region containing the hole transporting material and the electron transporting material at the ratio of $x : y$; a second concentration change region in which the proportion of the electron transporting material gradually increases further from the $x : y$ ratio.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
